## INVESTMENT PROJECT № 1

Name of the project: Reconstruction of a spinning factory in OJSC "Textile"

Title of enterprise: OPEN JOINT-STOCK COMPANY "TEXTILE"

Address: 734042, Republic of Tajikistan,. Dushanbe, 6 S. Sherozi street.

Tel.: (10-992-37) 221-36-73, 221-54-11, 223-00-97, 227-09-57,

fax: 221-33-55, 223-22-50

E-mail: anvar text@ta.jnet.com

Web: <http://www.tainet.com/~textil/>

Field of activity: textile production

The purpose of the project:

Reconstruction of a spinning factory.

The brief description of the project:

Reconstruction of a spinning factory with the installation ring spinning machines in quantity of 32 units with the purpose of issue of a high-quality yarn No: 54/1 in quantity 4040 ton annually.

The project also envisages replacement of the preparatory equipment of spinning production.

Overall costs of the project:

(million. US dollars) - 13,0

from them:

own means

the external investments - 13,0

payback time (year) - 7

The proposal to the investors

Possible forms of co-operation:

Creation of joint venture

The documentary ground of the project:

The business - plan

## INVESTMENT PROJECT № 2

Name of the project: reconstruction of a leather and shoe factory.

Title of enterprise: OPEN JOINT-STOCK COMPANY "KUHANDIZ"

Address: 734005, Republic of Tajikistan, Dushanbe, 10 Charmgaron street

Tel.: (992-37) 234-89-70,

fax: 234-84-20

Field of activity: production of leather goods, footwear from natural leather

The purpose of the project:

Reconstruction of production of leather and shoe factory for maintenance of issue of high-quality footwear and leather items.

The brief description of the project:

The project envisions creation of joint venture on processing of a natural skin and production of high-quality items from a leather on the basis of renovation of existing production of a leather and shoe factory, acquisition and equipment installation, realization of starting-up and adjustment works, acquisition of material resources.

The intrusion of the project will allow to create additional workstations.

The enterprise is supplied with indispensable resources.

Overall costs of the project:

( million US dollars) - 6,5

from them:  
own means  
the external investments -6,5  
payback time (year) - 3  
The proposal to the investors  
Possible forms of co-operation:  
Creation of joint venture with foreign investors participation  
Documentary ground of the project:  
The technical - economic ground.  
Business - plan.

---

### **INVESTMENT PROJECT № 3**

Name of the project: Technical modernisation and reconstruction of enterprise.  
The name of enterprise: OPEN JOINT-STOCK COMPANY " RESANDAI KURGONTEPPA "  
Address: 735140, Republic of Tadikistan, Khatlon district., Kurgan - teppa, 2 Ayni street.  
Tel.: (10-992-3222) 2-73-64,  
fax: 2-76-33  
E-mail: shams@khatlon.com  
Field of activity: A yarn and cotton fabrics.  
The purpose of the project: Modernization of production, issue of new products.  
The brief description of the project: organization of the production 10000 tone of a yarn and 20 million. Meters of a cotton fabrics annually.  
Principal components of the project:  
Acquisition of the equipment.  
Overall costs of the project:  
(million. US dollars) - 53,6  
from them:  
own means - 7,1  
the external investments - 46,5  
payback time (year) - 5  
The proposal to the investors:  
Creation of joint venture.  
Documentary ground of the project:  
Business - plan

---

### **INVESTMENT PROJECT № 4**

Name of the project: Creation of modern textile production  
Title of enterprise: OPEN JOINT-STOCK COMPANY  
Joint Tajik - Austrian enterprise "Kulob - Textiles"  
Address of enterprise: Republic of Tajikistan, Kulob district  
Field of activity: issue of a high-quality cotton yarn and Knitted items  
The purpose of the project: increase of volumes of processing of cotton; creation of new Workstations and rise of living standards of the population of the Khatlon region of Tajikistan, provision of a commodity market by knitted items.  
The brief description of the project: Expansion of spinning production with the installation of pneumospinning machines "Avtokoro-288"; ribbon and combing machines;  
Mounting of production lines for disclosure and sewing; the installation for bleaching and Dyeing of a yarn; acquisition and installation of diesel generators.

Overall costs of the project:  
(million. дол. USA) - 6,243  
from them:  
own means - 30 %  
the external investments - 70 %  
payback time (year): - 3,5  
Document ground of the project:  
The technical - economic ground.  
The business - schedule.

---

## **INVESTMENT PROJECT № 5**

Name of the project: Organization of cotton spinning production  
Name of the enterprise: OJSC "Zarbof"  
Address: 735000 Republic of Tajikistan, Sogd region, Khujand town, 234 a, Lenina street.  
Tel.: (992-3422) 6 17 91  
Field of activity: Production of cotton yarn.  
The purpose of the project: Increase volume of cotton yarn production  
The brief description of the project: Acquisition and assembling of modern equipments for production of cotton yarn T= 29,5-20, expansion of industrial areas, new line products output.  
Overall costs of the project:  
(million US dollars) 2,0  
from them:  
own means -  
the external investments - 2,0  
payback time (year) - 5  
The proposal to the investors:  
Credit  
Establishment of joint venture.  
The document background of the project:  
Business -plan

---

## **INVESTMENT PROJECT № 6**

Name of the project: Technical re-equipment of OJSC "Khujandatlas".  
Name of the enterprise: OJSC "Khujandatlas"  
Address: 735000, Republic of Tajikistan, Sogd region, 10, 17 section.  
Tel. (992-3422) 2-75-75.  
Field of activity: Production of consumer goods, national, silk, cotton, satin fabrics, carpets and double products.  
The purpose of the project: Technical re-equipment of manufacturing.  
The brief description of the project: Modernization of production, introduction of new technologies for cotton fabrics and double products manufacturing.  
Overall costs of the project:  
(thousand US dollars) -3.3  
from them:  
own means -  
the external investments - 3.3  
payback time (year) - 2.2

The proposal to the investors  
Establishment of joint ventures.  
The document background of the project:  
Business - project

---

## **INVESTMENT PROJECT № 7**

Name of the project: Reconstruction of garment production.  
Name of enterprise: Open Joint Stock Company "Zinat"  
Address: 735708, Republic of Tajikistan, Khujand town, 2, Baraka Babaeva street.  
Tel.: (992-3422) 6-42-81, 6-59-31, 4-31-30, fax (992) 771-05-77, 778-37-78  
E-mail: zinat@mail.tj, Web: www.geocities.com/zinat\_oao/  
Field of activity: Garments production.  
The purpose of the project: Introduce new technologies and reconstruct available ones with the purpose to increase industrial capacities of the factory for competitive products manufacturing.  
Brief description of the project: The implementation of the project envisages establishment of joint venture for production of cotton jeans garments using new sewing machines and produce competitive production of high quality in the amount of 500 thousand units per year.  
Overall costs of the project:  
(thousand US dollars) 690.0  
from them:  
own means -  
the external investments - 690.0  
payback time (year) - 1.2  
The proposal to the investors  
Establish joint venture with the participation of foreign investors.  
The document background of the project:  
Business plan.  
Technical-economic justification.-----

## **INVESTMENT PROJECT № 8**

Name of the project: Reconstruction and modernization of footwear manufacturing.  
Name of the enterprise: OJSC "Poiafzolduzi Khujand"  
Address: 735000 Republic of Tajikistan, Sogd region, Khujand town, 6, K.Khujandi street.  
Field of activity: Footgear production.  
The purpose of the project: Technical re-equipment of manufacturing.  
The brief description of the project: Substitution of obsolete equipment, acquisition of fitting details, increase of product line, improve quality of production  
Overall costs of the project:  
(thousand US dollars) 2.2  
from them:  
own means -  
the external investments - 2.2  
payback time (year) - 2  
The proposal to the investors  
Establishment of joint ventures, credit  
The document background of the project:  
Business -plan

---

### **INVESTMENT PROJECT № 9**

Name of the project: Procurement, concentration, wash out of cattle-breeding raw (wool), processing, unloading to customers.

Title of enterprise: KOFARNIHAN MANUFACTURING PLANT WITH LIMITED LEABILITY ON PROCESSING OF SECONDARY RAW MATERRIALS.

Address: 735400, Republic of Tajikistan,. Vahdat district, Ilyak settlement

Tel.: 2-22-75 Vahdat district, in Dushanbe the tel: (992 37) 224-88-11,

fax: 224-87-04, 221-09-44

Field of activity: Procurement and sales of cattle-breeding and secondary raw.

The purpose of the project:

Joint investment, organization of procurement, storage, and also processing of secondary raw (lint, fluff, cotton - fiber 4-5 kinds).

The brief description of the project:

Purchase of a wool, sorting, sink, packaging, processing of secondaru raw and unloading to customers, retrofit of press facilities.

Overall costs of the project:

(thousand US dollars) - 880,0

from them::

own means -

the external investments - 880,0

The proposal to the investors

Possible forms of co-operation:

Engaging of the investments by the way of credit.

Document ground of the project:

The technical - economic ground.

(Coordinator of the projects " TOJIKMATLUBOT" the Union

tel.: (992-37) 224-87-23, 224-88-11, fax: 221-09-44, 224-88-69.

---

### **INVESTMENT PROJECT № 10**

Name of the project: Reconstruction of shop No 2 Open Joint-Stock Company " Korchonai mebelsozi ", Dushanbe

Title of enterprise: OPEN JOINT-STOCK COMPANY " KORCHONAI MEBELSOZI ", DUSHANBE

Address: 734012, Republic of Tajikistan, Dushanbe, 130 Karin Mann Street

Tel.: (992-37) 221-75-05

Field of activity: a woodworking, production of furniture.

The purpose of the project:

Renovation of manufacturing shop No 2 for maintening the issue of high-quality furniture best-selling in a home market.

The brief description of the project:

The project envisions creation of joint venture on production of furniture on the basis of renovation of manufacturing shop No 2; the installation of the machine tool for opening DCP, drilling-milling machine and other modern equipment, that will enable the increases of a volume of production of modern furniture, creation of new workstations, maintenance of need in qualitative and cheap furniture in a home market.

The enterprise is supplied with all indispensable resources.

Overall costs of the project:

(thousand US dollars) - 200,0

from them:

own means  
the external investments -200,0  
payback time (year) - 2  
The proposal to the investors  
Possible forms of co-operation:  
Creation of joint venture including of foreign investors  
The document background of the project:  
The technical-economic background.  
Business - plan.

---

#### **INVESTMENT PROJECT № 11**

Name of the project: Reconstruction of manufacture of the furniture and solarium items.  
Title of enterprise: CLL "ZAFAR" OF KHATLON REGION  
Address: 735162, Republic of Tajikistan, Khatlon region, Bokhtar district, 4 Sino street.  
Tel: (10-992-3245) 2-12-26, 2-11-76  
Field of activity: manufacture of office and household furniture.  
The purpose of the project:  
Rehabilitation of manufacture on issue of office and household furniture.  
The brief description of the project:  
The project envisions realization maintenance - restorational works, replacement of the obsolete equipment, acquisition of furnishing items, increase of a product mix.  
Principal components of the project:  
Acquisition of a production equipment.  
Overall costs of the project:  
(million. US dollars) - 3,0  
from them:  
own means  
the external investments - 3,0  
payback time (year) - 3  
The proposal to the investors:  
Possible forms of co-operation:  
Organization of joint venture.  
Obtaining of the soft loan.  
Documentary ground of the project:  
Business - plan.

---

#### **INVESTMENT PROJECT № 12**

Name of the project: Construction of the textile enterprise.  
The purpose of the project: Construction of a cotton processing 5,000 tons per year  
The brief description of the project: Construction of a cotton processing 5,000 tons per year to the finished garment fabrics for implementation on the domestic and foreign markets  
Creation of  
Overall costs of the project:  
(million US dollars) - U.S. \$ 3.6 million  
from them:  
own means:  
The external investments -  
Payback period - 6 years  
The proposal to investors: A joint venture. direct investment

---

### **INVESTMENT PROJECT № 13**

Name of the project: Fruit and vegetable production and subsequent packaging.

The purpose of the project: Introduction of new products on the market.

The brief description of the project: Tajikistan is rich in natural resources, especially organic fruits and vegetables. Due to the peculiarities of the mountain air and generous sun grown very tasty and juicy vegetables and fruits. Education sugar in fruit is over 22%. The challenge is in the industrial processing of fruits and vegetables in place of their growing up. To do this, create a versatile plant for processing of fruits and vegetables (apples, apricots, grapes, tomatoes), as well as their packaging in "Tetra Pak".

Overall costs of the project:

(million US dollars) - U.S. \$ 2.5 million

Creation of a joint venture. Direct investment from them:

own means: U.S. \$ 0.8 million

The external investments - U.S. \$ 1.7 million

Payback period - Required feasibility study

---

### **INVESTMENT PROJECT № 14**

Name of the project: Modernization and re-equipment of production under the production of designer shoes.

The purpose of the project: modernization of production

The brief description of the project: Modernization and improvement of capacity utilization for the production of shoes and leather goods.

Overall costs of the project:

(million US dollars) - \$ 3 million

from them:

own means:

The external investments - \$ 3 million

Payback period - 4 years

The proposal to investors: Creation of joint venture

---

### **INVESTMENT PROJECT № 15**

Name of the project: Reconstruction of a spinning factory in OJSC "Textile"

The purpose of the project: Reconstruction of the spinning mill.

The brief description of the project: Reconstruction of a spinning mill with the installation of ring spinning machines of 32 units for the purpose of production of high quality yarn number 54/1 in the amount of 4040 tons per year. The project also involves the replacement of equipment of spinning production.

Overall costs of the project:

(million US dollars) - U.S. \$ 13 million

from them:

own means:

The external investments - U.S. \$ 13 million

Payback period - 7 years

The proposal to investors: Creation of joint venture

---

### **INVESTMENT PROJECT № 16**

Name of the project: Technical re-equipment and reconstruction of the enterprise for the production of textile products.

The purpose of the project: Modernization of production, production of new products.

The brief description of the project: Organization of production of 10,000 tons of yarn and 20 million meters of denim per year.

Overall costs of the project:

(million US dollars) - 53.6 million

from them:

own means:

The external investments - 53.6 million

Payback period - 5 years

The proposal to investors: Creation of joint venture

---

#### **INVESTMENT PROJECT № 17**

Name of the project: Production of pulp from waste cotton fiber in the form of lint and paper.

The purpose of the project: Mastering the production of cotton cellulose from the waste of raw cotton in the form of lint and paper.

The brief description of the project: Entering a new technology for processing waste cotton fiber, including the deep processing of lint by the action of strong chemicals that contribute to the dissolution of lint to produce pulp at its thorough washing. Cellulose pulp as a raw material for paper and tissue.

Overall costs of the project:

(million US dollars) - 25.2 million

The external investments - 25.2 million

Payback period - 5 years

The proposal to investors: Creation of a joint venture or preferential loan.

---

#### **INVESTMENT PROJECT № 18**

Name of the project: Construction of a spinning mill Danghara Textajl.

The purpose of the project: Creation of production of deep processing of cotton fiber in the amount of 12 thousand tons per year.

The brief description of the project: In Dangar a source of raw materials and cheap labor, creating the appropriate conditions spinning mill

Overall costs of the project:

(million US dollars) - U.S. \$ 17 million

The external investments - U.S. \$ 17 million

Payback period - 10 years

The proposal to investors: Creation of joint venture

---

#### **INVESTMENT PROJECT № 19**

Name of the project: Reconstruction of a spinning factory in OJSC "Textile"

The purpose of the project: Reconstruction of the spinning mill.

The brief description of the project:

Overall costs of the project: Reconstruction of a spinning factory with the installation of spinning machines AUTOCORO 312 firms Schlafhorst of 32 units for the purpose of production of high quality yarn number 34, № 20 in the amount of 22,420 tons per year. The project also involves the replacement of equipment of spinning production.

(million US dollars) - U.S. \$ 50 million

The external investments - U.S. \$ 50 million

Payback period - 5.3 years  
The proposal to investors: Creation of joint venture

---

#### **INVESTMENT PROJECT № 20**

Name of the project: Reconstruction of a spinning factory in OJSC "Textile"  
The purpose of the project: Reconstruction of the spinning mill.  
The brief description of the project:  
Overall costs of the project: Reconstruction of a spinning mill with the installation of ring spinning machines firms Fiomaks of 32 units for the purpose of production of high quality yarn number 54/2 in the amount of 3950 tons per year. The project also involves the replacement of equipment of spinning production.  
(million US dollars) - U.S. \$ 25 million  
from them:  
own means:  
The external investments - U.S. \$ 25 million  
Payback period - 7.2 years  
The proposal to investors: Creation of joint venture

---

#### **INVESTMENT PROJECT № 21**

Name of the project: Construction of spinning and knitting and sewing factory in the city of Dushanbe,  
The purpose of the project: Ensuring the growing needs of the domestic and foreign market made of cotton fiber, increasing the share of processing of local raw cotton fibers within the state.  
The brief description of the project: Recycling 8,000 tons of cotton fiber.  
Overall costs of the project:  
(million US dollars) - U.S. \$ 68 million  
from them:  
own means:  
The external investments - U.S. \$ 68 million  
Payback period - A feasibility study is required  
The proposal to investors: Creation of joint venture

---

#### **INVESTMENT PROJECT № 22**

Name of the project: Reconstruction and modernization of the technological line for release of a combed yarn.  
The purpose of the project: Modernization of the enterprise for release of a combed yarn.  
The brief description of the project: The project is directed on restoration of the equipment of spinning mill in the city of Kurgan Tyube, Khatlon province (the country South).  
Overall costs of the project:  
(million US dollars) - 53.6 million  
from them:  
own means: 7.1 million U.S. dollars  
The external investments - 53.6 million  
Payback period - A feasibility study is required  
The proposal to investors: Creation of joint venture

---

#### **INVESTMENT PROJECT № 23**

Name of the project: "Creation of joint venture on production of a cotton yarn of a pneumomechanical way of spinning, with installation of processing equipment including preparatory, combing, two tape, spinning transitions"  
The purpose of the project: Mastering the production of cotton yarn spinning process of weaving

pneumomechanical destination

The brief description of the project: Spinning specializes in the production of wool yarn for weaving purpose of rotor spinning machines APM 120-A1M. Linear density of yarn:

---

- 20 tex (№ 50/1)

---

- 29 tex (№ 34,4)

---

- 50 tex (№ 20)

Overall costs of the project:

(million US dollars) - U.S. \$ 4.9 million

from them:

own means: U.S. \$ 2.5 million

The external investments - U.S. \$ 4.9 million

Payback period - 3 years

The proposal to investors: Creation of joint venture

---

#### **INVESTMENT PROJECT № 24**

Name of the project: Creation of a Joint Venture for the production of women's tights elastic threads.

The purpose of the project: Establishment of the production line with a production volume: The estimated production of tights in the first year of activity - 1 million units in the second year - 2.0 million units in the third year - 2.7 million pieces of pantyhose.

The brief description of the project: The company provided specialized shops equipped with knitting, sewing and dyeing-wringing equipment, all kinds of industrial infrastructure and skilled personnel (the contribution of the enterprise). A potential investor secures the future the company with raw materials and materials packaging machine, packaging materials, labels, needle-plate, spare parts and in the first six months of activity - the invited experts.

Overall costs of the project:

(million US dollars) - 169,230 USD

from them:

own means:

The external investments -

Payback period - 15 months

The proposal to investors: The joint venture. 51% - The company and 49% - Investor

---

#### **INVESTMENT PROJECT № 25**

Name of the project: Manufacture of leather products.

The purpose of the project: Organization of production of the domestic processing furs and leather manufacturing.

The brief description of the project: Name of Product: selected furs and skins, fur coats, fur coats, jackets, vests, hats, children's clothing, fur, etc.

Production capacity:

Leather processing and manufacturing of: 1. Mehovyh sheepskin pelts, Koziej - 5,000 hides per year

2. Karakul lambskin, rabbit, etc.-15000 pcs. per year

Overall costs of the project:

(million US dollars) - 388,000 TJS

Payback period - 3 years

The proposal to investors: Soft loan. Direct investment

---

#### **INVESTMENT PROJECT № 26**

Name of the project: Production of pulp from waste fibers in the form of cotton lint and paper.

The purpose of the project: Mastering the production of cotton cellulose from the waste of raw cotton in the form of lint and paper out of it.

The brief description of the project: Entering a new technology for processing waste cotton fiber, including deep processing of lint by the action of strong chemicals:

NaOH - 100% sodium hydroxide

NaOCl - bleaching solution of sodium chloride

H<sub>2</sub>SO<sub>4</sub> - sulfuric acid to facilitate the dissolution of linters cellulose production by thorough washing it.

Cellulose pulp as a raw material for production of paper napkins, etc.

Raw materials in the form of fiber waste - linter enters the rinsing baths with subsequent transfer to the large container for deep treatment with an alkaline solution - 100% NaOH, sodium hypochlorite bleaching solution (NaOSI) sulfuric acid to facilitate the dissolution of linters obtaining fibrous material by thorough washing obtain cellulose, followed by processing it and papermaking

Overall costs of the project:

(million US dollars) - 25,208,500 USD

from them:

own means:

The external investments -

Payback period - 3 years

The proposal to investors: The joint venture. Preferential credit

---

#### **INVESTMENT PROJECT № 27**

Name of the project: Manufacture of sports socks on the basis of the existing factory.

The purpose of the project: Creation of a joint venture for production of sports socks with complex graphics requirements.

The brief description of the project: The estimated production of socks in the first year of 345 million pairs in the second year - 900 million pairs, and in the third year - 1,200 thousand pairs of products.

Overall costs of the project:

(million US dollars) - 560,000 USD

from them:

own means:

The external investments - 560,000 USD

Payback period - 2.3 years

The proposal to investors: The joint venture. 51% - The company and 49% - Investor

---

#### **INVESTMENT PROJECT № 28**

Name of the project: Increased production of hosiery.

The purpose of the project: Production of children's semi-stocking and pantyhose.

The brief description of the project: Release of the products in 1998 and in 1999 amounted to 1.1 million pairs in 2000 - 2.2 million pairs in 2001 - 3.4 million pairs in 2002 - 4.2 million couples in 2003 - 4.6 million pairs in 2004 and 5 million pairs in 2005, is expected to release 5.5 million pairs. If in recent years produced only socks for men and children, at the present time, it added women's socks, tights and knee-children. The company has the ability, if uninterrupted, rhythmic providing yarn to produce not less than 600 thousand pairs of products per month. Of them - 500 thousand pairs of products will be exported, and 100 thousand pairs of products on the domestic market.

Overall costs of the project:

(million US dollars) - 191,800 USD

from them:

own means:

The external investments - 191,800 USD

Payback period - 3 years

The proposal to investors: Joint activity, direct investment, or soft loan

---

### **INVESTMENT PROJECT № 29**

Name of the project: Knitting and Sewing Production.

Title of enterprise: Ltd. "Nohid"

Address: The Republic of Tajikistan, 735610, Sughd Istaravshan, st. Gagarin 1a.

Tel.: (+992 3454) 2-76-21, fax: (+992 3454) 2-77-00.

E-mail: nohid@bk.ru

Field of activity: Production and sales of knitted fabrics and products, such as pants, shirts, T-shirts, underwear summer and winter, a set of men (shirts + pants), women's T-shirts and shorts, children's T-shirts, shorts and t-shirts all made from 100% cotton, 92% cotton and 8% Lycra. Products durable, abrasion resistance, painted by Swiss firm Bezema dyes.

The purpose of the project: Production and sales of knitted fabrics and products made of them.

Overall costs of the project:

(million US dollars) -

from them:

own means:

The external investments -

---

### **INVESTMENT PROJECT № 30**

Name of the project: Expansion of existing manufacturing facilities, the restoration of women's tights.

Title of enterprise: Joint Stock Company "Nafisa".

Address: The Republic of Tajikistan, 734024, Dushanbe, ul. Academician Adkhamov, 11.

Tel.: (992 37) 221-19-91, 227-71-63 Fax: (992 37) 221-19-91.

E-mail: nafisa@tajnet.tj

Field of activity: Production of hosiery.

The purpose of the project: Production of women's stockings according to GOST using elastic yarns and with further growth. Ensuring female population quality tights, increase capacity utilization, employment, population, and to improve the financial condition of enterprises'.

The brief description of the project: Production of hosiery.

Overall costs of the project:

(million US dollars) – 500,000 \$

from them:

own means: 300,000 \$

The external investments - 200,000 \$

Payback period -

The proposal to investors: JSC "Nafisa" is ready to cooperate with the internal or external investors for mutual benefit.

Possible forms of co-operation: The direct contribution of the investor, working capital financing, distribution of profits in proportion to the contribution.

Document ground of the project: Available.

---

### **INVESTMENT PROJECT № 31**

Name of the project: Technical re-equipment, the installation of 36 machines, modern hosiery machine series MT-NAR (Universal: sable smooth and Terry)

Title of enterprise: Joint Stock Company "Nafisa"

Address: The Republic of Tajikistan, 734024, Dushanbe, ul. Academician Adkhamov, 11.

Tel.: (992 37) 221-19-91, 227-71-63 Fax: (992 37) 221-19-91.

E-mail: nafisa@tajnet.tj

Field of activity: Production of modern models of men's, women's, children's, smooth and terry socks and tights meet the modern requirements of internal and external customers.

The purpose of the project: Production of modern models of men's, women's, children's, smooth and terry socks and tights.

Overall costs of the project:

(million US dollars) - \$ 1,759,639

from them:

own means: \$ 897,416
