INTERNATIONAL TEXTILE LLC

WWW.POSCOINTLTEX.COM

Starting off with the name Daewoo Corporation in 1967, POSCO INTERNATIONAL has played a leading role in Korea's economic development through export enlargement. As Daewoo Corporation changed its name to Daewoo Co., Ltd. in 1982, the company started to handle the trade business exclusively.

Founded on:
April 1, 1968
Represented by:
Kim Young-Sang
Key businesses: Trade, Resources Development, Production/Processing, Infrastructure Development/Operation

Overseas bases:
85 in 47 Countries
Address:(21998) 165, Convensia-daero, Yeonsu-gu, Incheon, Korea (04527) 10, Tongil-ro, Jung-gu, Seoul, Korea
TEL: 82-2-759-2114

Through its global networks, POSCO INTERNATIONAL engages in the trading of a wide range of products from steel, automotive and components, machinery and industrial electronics to non-ferrous metals, food resources, chemicals, commodities and textiles, with both local and international customers. As a global leader, POSCO INTERNATIONAL also plays a central role in resource development and overseas projects.

Commodity & Textile

In terms of textiles, POSCO INTERNATIONAL operates cotton spinning corporations in Bukhara and Fergana, fueled by the abundance of raw cotton in Uzbekistan. It is the only trading company in Korea to directly engage in production and sales of cotton yarn, fabric, and synthetic filament yarn- fiber.

Establishment of "Daewoo Textile Bukhara" in the city of Bukhara

2009 April

Merger of "Daewoo Textile Company" and "Daewoo Textile Fergana"

2011 July

Implementation of ERP (Enterprise Resource Planning) system into Daewoo Textile Fergana

2016 December

The merger of «Daewoo Textile Fergana» and «Daewoo Textile Bukhara»

2019 August

Company name changed to «Posco International Textile» LLC

Posco International Textile LLC is a modern dynamic enterprise that specializes in production of textile products: cotton fabrics and yarn, using the best grades of cotton, grown in Uzbekistan as raw materials.

Products meet international quality standards, and are made from 100% cotton and blended. The company is located in the south of the Ferghana Valley in the eastern part of Uzbekistan and has 4 manufacturing factories located in the city of Fergana, the villages of Tashlak, Kumtepa and a branch in the city of Bukhara.

As the major Korean textile company, Posco International Textile LLC is equipped with the newest 250,940 ring spindels and 311 air-jet looms. Its top quality cotton yarn and fabric has been exported as «OASIS» and «YULDUZ» to Europe, China and Japan.

Total number of employees: 4,000 people

Capital found: $43 million USD

FERGANA FACTORY

Establishment date: 2006, November 13
Total Area: 309,221 m²
Number of workers: 1,950

Spinning

Production type:
Single and Double yarn

Single yarn

Capacity: **120,252 spindles**
Productvion volume: **21,000 tons/year**

Double yarn

Capacity: **3,648 drums**
Production volume: **3,500 tons/year**

Weaving

Production type:
100 % Cotton and blended fabric

Fabric:

Capacity: **132 Weaving Looms**
Production volume:
16,800 th. p/meters per year

BUKHARA FACTORY

Establishment date: 2008, April 8
Total Area: 154,100 m²
Number of workers: 702

Spinning

Production type:
Single and Double yarn

Single yarn

Capacity: **60,768 spindles**
Production volume: **16,000 tons/year**

Double yarn

Capacity: **2,400 drums**
Production volume: **1,520 tons/year**

TASHLAK FACTORY

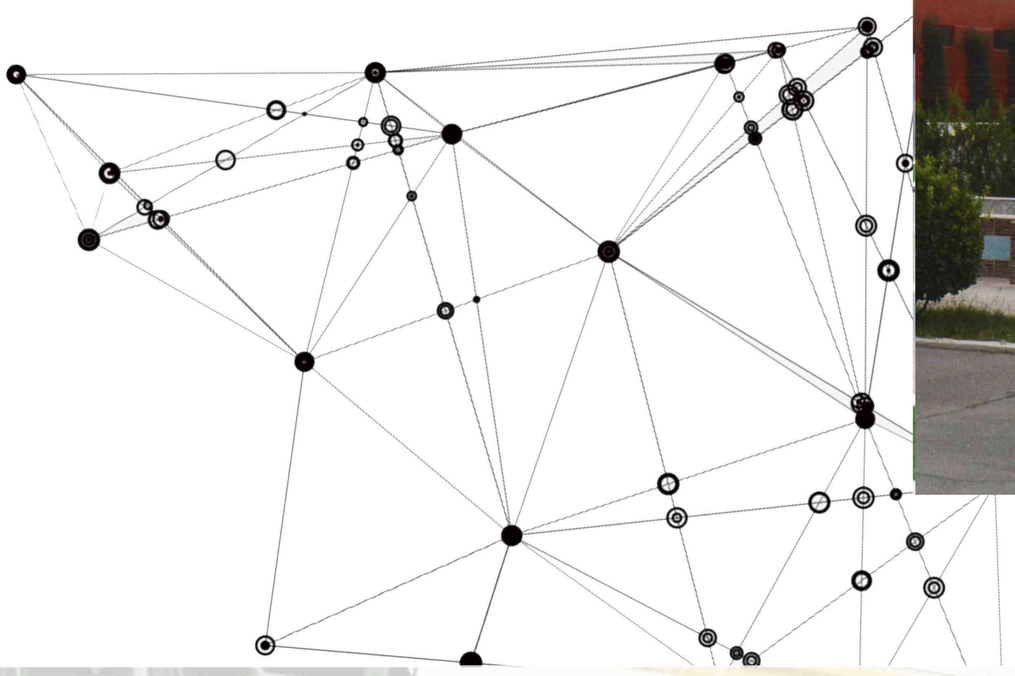
Establishment date: 1996, April 24
Total Area: 89,042 m²
Number of workers: 850

Spinning

Production type: **Single Yarn**

Single yarn

Capacity: **69,920 spindles**
Production volume:
14,000 tons/year



KUMTEPA FACTORY

Establishment date: 1998, October 24
Total Area: 75,656 m²
Number of workers: 435

Weaving

Production type:
100 % Cotton and blended fabric

Fabric

Capacity: **179 Weaving Looms**
Production volume:
23,000 th. p/meters per year

Doubling

Production type: **Double yarn**

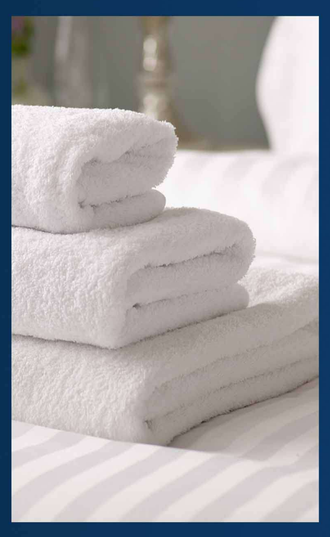
Double yarn

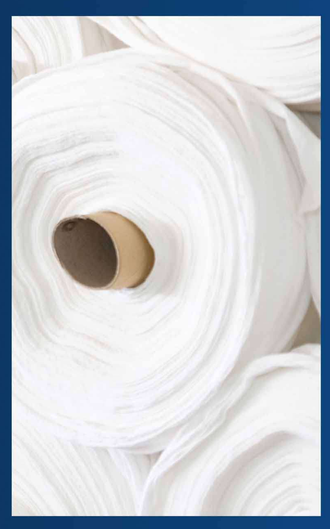
Capacity: **3,240 drums**
Production volume:
2,600 tons/year

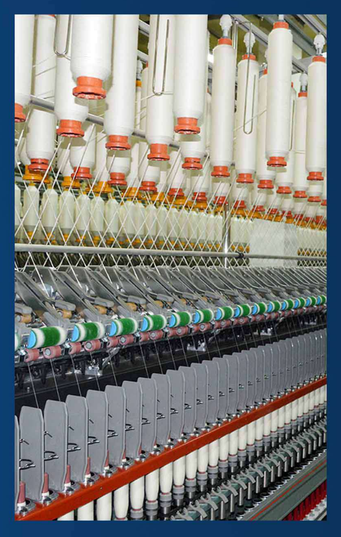
YARN

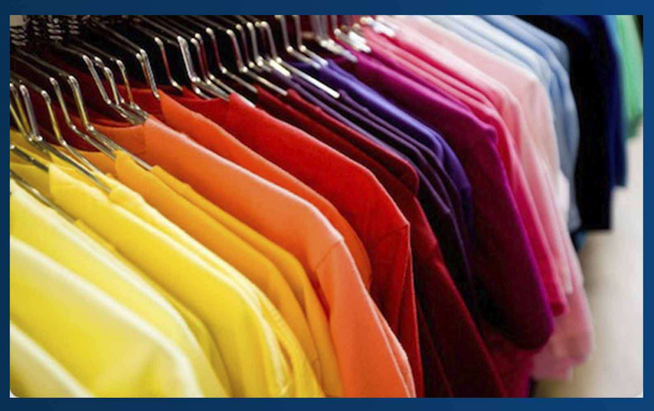
Yarn made from 100% Uzbek cotton fiber and blended yarn are perfect for any type of textile products. Pure cotton with a long fiber and a suitable microneur guarantees product quality in terms of smoothness, strength and color.

Products single and double twisted, carded and combed yarn from Ne10 ’to Ne40’. Depending on the wishes of the customer, the products are packed on pallets or in boxes in accordance with international standards.









Our goal is to be the best supplier of textile products!

The highest quality and long-term cooperation encourage us to produce the best products and resist any changes in the global textiles market.

The 24-hour automated production system is controlled by Korean specialists, which guarantees high quality products.

The high quality of our yarn is reflected in the quality of finished products, which are in high demand among consumers.

is granted authorisation according to STANDARD 100 by OEKO-TEX® to use the STANDARD 100 by OEKO-TEX® mark, based on our test report **ZH005 152073.1**

for the following articles:

Yarns made of 100% cotton, raw, waxed or unwaxed (Cotton provenience: Uzbekistan)

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, Annex 4, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the STANDARD 100 by OEKO-TEX® presently established in Annex 4 for baby articles.

The certified articles fulfil requirements of Annex XVII of REACH (incl. the use of azo colourants, nickel release, etc.), the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass) and of the Chinese standard GB 18401:2010 (labelling requirements were not verified).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

The certificate ZHYO 052082 is valid until 15.04.2020

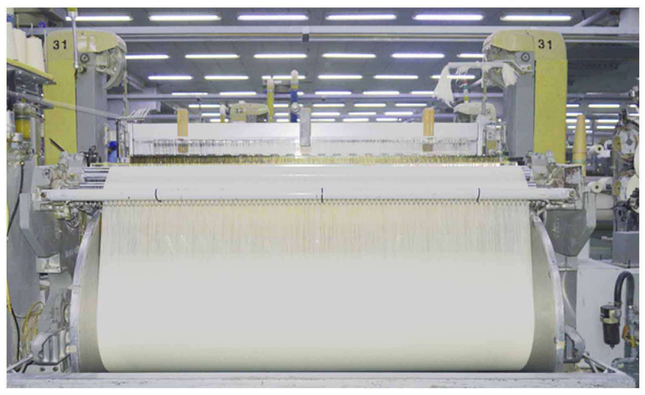
FABRIC

Since yarn of our own production is used for the production of fabrics, Posco International Textile can guarantee high quality fabrics. And this helps to avoid problems such as differences in color shades.

Posco International Textile produces 100% cotton and blended woven fabrics in calico, twill, poplin and plain in widths of 63, 67, and a maximum of 98 inches. Packaging products in bales or on pallets in accordance with international standards.



Customer satisfaction above all!

Based on advanced technology, high-quality cotton fiber, strict control and quality service, Posco International Textile launches the highest quality products on the international market.
